Scheduling Agreements and Terms & Conditions for standard allocations – May 2017

All staff on UPA1, UPA2 and Flexi allowance

News	Global
Day shifts are normally 9 hours long. Night shifts are normally 10 hours long. Minimum hours between turns of duty should be 11.	
There are no fixed shift windows.	The Day shift windows is 09.00 - 21.45 The Night shift window is 21.00 – 08.30 Shift windows are indicative for staff on Flex or UPA2 allowance
Every member of staff may make four shift 'requests' per month. (E.g. 'start before 0700', 'finish by 1830). Pro-rata'd for PT staff and dependant on an individual's FWA	
Leave booked against the rota is accounted for as per the rota'd hours, i.e. Leave on a 9 hour shift uses 9 hours. Other absences are accounted for in the same way.	
There are 5 day-shift slots and 1 night-shift slot guaranteed 'available' for leave every day. Staff can request leave more than 42 days in advance (on the intranet system) and it will be guaranteed within those limits. If the guaranteed leave slots have already been filled, then the leave request will be marked as pending and only granted should operational requirements allow. Guaranteed leave is available for booking with more than 42 days notice. When there are less than 42 days to go before the staff member wants to take leave then they can apply for 'short notice leave' which will be granted if operational requirements allow.	There are 3 day-shift slots and 1 night-shift slot guaranteed 'available' for leave every day. Staff can request leave more than 35 days in advance (on the intranet system) and it will be guaranteed within those limits. If the guaranteed leave slots have already been filled, then the leave request will be marked as pending and granted should operational requirements allow. Guaranteed leave is available for booking with more than 35 days notice When there are less than 35 days to go before the staff member wants to take leave then they can apply for 'short notice leave' which will be granted if operational requirements allow.

Full-time staff credited with 200 hours of Annual Leave at the beginning of each leave year (The leave year runs 1st April – 31st March) (Part-time staff are pro-rata'd).	
Full-time staff credited with 72 hours PHL at the beginning of the leave year. (Part-time staff are pro-rata'd).	If a staff member works nights, they are credited with 90 hours PHL at the beginning of the leave year (April.) If the staff member does not work nights, they are credited with 81 hours PHL. (Part-time staff are pro-rata'd).
The minimum turn of duty for overtime on a day off is 4 hours. If the full 4 hours are worked, a half hour meal break will be added.	
Core hours are averaged to 40 hours per week over a 16 week rota period.	Core hours are averaged to 40 hours per week over a 32 week rota period.
Any hours worked above those indicated by the full time rota are paid as overtime, or comp leave if the employee prefers. Changes to shift lengths are subject to the individual's UPA/Flexi timescales. Shift swaps should only be requested between those with similar skills and can only be requested once shifts have been published. (see also UPA1 note)	
Where personal swaps are done, any actuality payment is made to the person working the shift. Any additional hours worked as part of a swap will not be paid as overtime. When arranging personal swaps, individuals should consider the turnaround issues that may be incurred. Personal swaps should be confirmed with the office.	
Only 3 consecutive shifts that start before 0600 can be scheduled by the office unless there is prior agreement with the staff member. Staff can permanently 'opt out' of this arrangement if they wish.	N/A

Specific to UPA 1

News	Global
Staff will expect to work to the rota.	
Rota'd days on/off won't be changed without agreement with the individual.	
Changes to start and end times should take into account the working time directive (i.e. minimum turnaround of 11 hours between duties).	Changes to start and end times should be within the agreed shift window according to the rota.
Any changes to shift length which generate overtime are voluntary.	
With more than 35 days to go: - Nights can be rescheduled as days, although the office will aim to change "stand down" known volunteers first, followed by UPA2/Flexi staff then UPA1 non volunteers. - Days cannot be rescheduled to nights without agreement. - Shift times that have been requested (via the online system) will not be swapped without the office asking. With fewer than 35 days to go: - the above changes can happen but only with consultation.	With more than 28 days to go: - Nights can be rescheduled as days, although the office will aim to change "stand down" known volunteers first, followed by UPA2/Flexi staff then UPA1 non volunteers. - Days cannot be rescheduled to nights without agreement. - Shift times that have been requested (via the online system) will not be swapped without the office asking. With fewer than 28 days to go: - the above changes can happen but only with consultation.
Shift appearances can be swapped up to 10 weeks in advance	
At 14 days to go, start time and hours are finalised – no further changes should be made without agreement. Staff can sign-in for their shifts at this point.	

Specific to Flexibility Allowance

News	Global
All Flexibility allowance staff will work to an indicative pattern.	
With more than 35 days to go, the office will be able to make changes to the days on and off, swap day shifts as required, turn nights into days or days into nights. All hours balanced at the time of change.	With more than 28 days to go, the office will be able to make changes to the days on and off, swap day shifts as required, turn nights into days or days into nights. All hours balanced at the time of change.
No additional appearances will normally be scheduled.	
3 appearances/days off a calendar month can be “locked” (pro rata for part time staff and according to an individual’s FWA), meaning changes should not be made to them without consultation. Locked shifts can be requested 10+ weeks in advance.	
At 35 days to go, days on, days off and nights become set. They won’t change from that point without consultation.	At 28 days to go, days on, days off and nights become set. They won’t change from that point without consultation.
At midday on the day before the shift, the start and end time is set. These can’t change without consultation after this time.	At 7 days before the shift, the start and end time is set. These can’t change without consultation after this time.
Once leave is approved, any adjacent OFF days will be considered to be locked.	
An individual can be expected to work up to 8 hours of edp through individual shift extensions (but not through additional appearances) without being asked (pro-rata’d for part-time staff).	N/A

Specific to UPA 2

News	Global
All UPA2 staff will work to an indicative pattern.	
With more than 35 days to go, the office will be able to make changes to the days on and off, swap day shifts as required, turn nights into days or days into nights. All hours balanced at the time of change.	
No additional appearances will be scheduled.	
3 appearances/days off a calendar month can be “locked” (pro rata for part time staff), meaning changes should not be made to them without consultation. Locked shifts can be requested 10+ weeks in advance.
